

Dear Parents,

I would like to take this opportunity to familiarize you with the "Stella Dorish Birthday Book" program now in its tenth year at Newfield School. It was originally established to honor Mrs. Dorish, our former Media Center Assistant, for 35 years of loving and dedicated service to Newfield School and its library, when she retired. We were saddened by her subsequent passing, but are happy to have a wonderful way to continue to honor Stella Dorish and her love for the library!

On the occasion of your child's birthday, you may donate money to the Media Center for the purchase of a new hardcover book. We are asking for a flat rate of \$15. If the book purchased costs less than \$15, any additional money will be used for processing/supplies. Your check may be made out to Newfield School PFO/Gift Books)

This is an opportunity for your child to experience the pleasure of giving and receiving in a unique and meaningful way. Long after other toys are broken or forgotten, a book will continue to enrich the lives of all Newfield students.

You may also wish to donate a book in honor of other people (teachers, parents, and friends) or other special occasions (anniversaries, retirements, graduations, and religious milestones). In this case, a card will be sent to the honoree or to the family of the honoree, noting the reason for the donation.

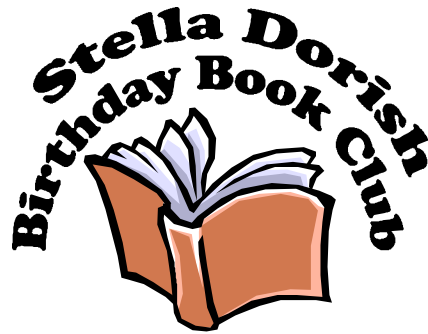

Please know that as we endeavor to nourish lifelong readers with a love for books, your gift takes on even greater significance. **Birthday Book Club forms are available on our website for downloading, or may be picked up in the Media Center. .**

Thank you for supporting our wonderful library at a time when we particularly need your help to have our collection of wonderful resources grow!

Sincerely,

Hedy Siegel

Library Media Specialist
